Venue styling price guide 2024

Being a creative and experienced florist & event stylist opens so many options to you both with your wedding ideas. Me and my amazing team of talented florists actively embrace new trends, couple's ideas and have the pleasure in working with beautiful fresh and fragrant flowers and foliage.

How our venue styling guide works:

We use your colour palette and floral preferences to carefully order the freshest flowers direct from Holland for you both. We capture seasonal flowers and foliage, which will compliment the luxury florals within your bridal/bridesmaid's bouquets and buttonholes. You can use our experience to carefully design your wedding individually that's right for you both.

What is included in the prices quoted?

When we use fresh flowers and foliage to create your designs, all your displays are yours to keep. It is a lovely treat for you, your family and friends to be able to take a display home and continue to enjoy the beautiful fragrances and pretty florals.

When items have hired glassware/frames and finishing touches, hire charges are detailed below.

What if my wedding date changes?

That would be fine. Any amendments to your wedding date may incur an additional charge depending on your change of date and availability of your hired items. We can review this on your consultation.

How does delivery/setup and collection of hired items work?

Delivery, collection and setup charges to your venue will apply. They will be detailed on your quotation. Should you require a second delivery, for example to church or your family home, we can arrange this for you both, an additional delivery charge will be applicable.

We communicate with your venue with regards to access times and then return the following morning to collect our hired items.

When do I need to pay?

To place your order and confirm your date, a £150.00 non-refundable booking deposit is required. This is deducted from your final balance. When you confirm your final numbers, we are then able to send your final invoice. Your final balance is due 1 month prior to the date of your wedding.

You will receive a second invoice for the security deposit of our hired items. We require a 50% security deposit on hired items only. This is held by ourselves as a separate transaction. Once we have collected all the hired items, ensuring all items are not damaged your security deposit is refunded in full within 5 days. Should any items be missing or damaged a deduction of your security deposit will be made to cover the replacement cost.

Welcome your Guests / Entrance

Card Box

Original bomb box* for your wedding cards, to be placed in the entrance area and has 'CARDS' written on foliage leaves.
